

- Fifth Grade Supply List -

The following is a fifth grade supply list of the items needed for the 2011-2012 school year. Your help is certainly appreciated in purchasing these items. Please do not put your child's name on the items that have an asterisk next to them. These items will be used as a community supply and handed out as needed. Please keep those supplies plain and simple. In addition to the supplies below, I am also asking for \$10.00 per child. I will be purchasing and putting together binders and other materials to help keep your child organized throughout the school year (more information will come home regarding the binders, etc during the first week of school). I have found in the past it is easier if I just purchase all the supplies together and collect the money afterward. This will enable me to have the binders and other materials ready for your child on the first day. Please have your child bring their money in a marked envelope the first week of school please. Thank you!
